OBJECTIVE Results-oriented software engineering professional with more than one year of experience in the field. Promotes object-oriented approaches to real-time software development. Analytical and detail-oriented.

TECHNOLOGY SKILLS *Programming Languages:* JAVA, JavaScript, Swift(iOS 11) .
Operations Technologies: AWS Cloud Services, Git, Jenkins.
Web Backend Technologies: Spring Frameworks(Core, Boot, MVC, Security), Nginx, PostgreSQL, Cassandra.
Web Frontend Technologies: HTML, jQuery, ReactJS, Google Closure Library, Bootstrap, LESS, Webpack.

EXPERIENCE *Software Developer* July 2017 - Present
IVTL Infoview Technologies Pvt Ltd, Chennai, TN

- Developed Spring MVC-based web applications.
- Worked as a part of DB migration team to move data layer from Cassandra to SQL.
- Developed code fixes and enhancements for inclusion in future code releases and patches.
- Designed and developed react applications.

PROJECTS AND ROLES UNDERTAKEN *As a Web Application Developer*

- **HUE : SCM-Project Suspend and Resume Management.**
Developing a supply chain management module, which monitors the workflow of a construction project.
I have worked as a single developer to implement the business logic into a web application within span of 3 months.
- **HUE : SCM-Cost Budget Profit and Loss Calculation.**
Primarily worked as developer where, I had chance to directly interact with Japanese clients helping them to transform their business requirements into an application of 4 months.
- **HUE : Accounting Transfer Result Calculation.**
Worked with a team of 2 members. Developing an accounting application from the scratch within a span of 6 months.

As a Database Developer

- **Moved the data layer from Cassandra to SQL.**
Been a part of data layer migration team in migrating data layer from Cassandra (No SQL) to Relational Database SQL without affecting

other layers of application.

As a React Developer

- **Created a Invoicing Application.**

This application uses the React Js a front end and Spring as back end rest service. It is implemented using MVC Architecture. It also uses elastic search for efficient and quick search implementation.

EDUCATION

Bachelor Of Engineering: Electrical and Electronics Engineering, 2017
Kalasalingam Institute Of Technology - Krishnankoil, TN

- Elected as a student coordinator.
- Event organizer of the department event conducted in the college.
- Graduated with 7.5 percentile.

High School: 2013

TVS Matriculation Higher Secondary School - Madurai, TN

- Member of Scouts and guides movement.
- Member of Quality circle.
- Graduated with 81.5 percentile.
